

How to buy Eshkata bonds

To buy the bonds of "Bank Eshkata" You need to:

1. Refer to the brokerage office of «PRIME INVEST» in Dushanbe, Rudaki avenue 38/1 (3rd floor) to apply for the acquiring of bonds (you may also apply remotely through www.primeinvest.tj). After receiving your request, our staff will contact you, in order to provide additional advice and explain what documents you need to fill in. You may also find out all information about documents that need to be filled on our website: www.primeinvest.tj

2. You can complete and sign the application form, scan it and send to us (Info@primeinvest.tj) or attach it on our website www.primeinvest.tj. After checking all your documents, we will sign up with you the contract for brokerage services. **The total time for the process of application and conclusion of the agreement lasts from 6 hours to 2 working day.**

3. After the signing of the Agreement, you then have to open an account in your name in the SSB Amonatbank.

4. Prime Invest will provide you with the bank account details, you can then transfer the funds

from your account to the Prime Invest account in the required amount at any division of SSB Amonatbank across the country, as well as update your account by bank transfer or Internet – banking.

5. Then you must notify the broker by phone / e-mail about the number of bonds you want to acquire with prior information on the quotations of securities on the website of the Central Asian Stock Exchange www.case.com.tj. On the start of trading on the stock exchange, the broker buys the necessary amount of bonds.

6. According to your request broker should provide you a statement of the amount of acquired bonds and the balance of your account (with coming to brokerage office PRIME INVEST or by contacting by e-mail).

7. Quarterly broker will transfer the coupon payments to your account at SSB Amonatbank. At your desire, the broker can transfer the coupon payments to any other bank account specified by you. You have the right to remove coupon payments from your account before the end of circulation period of the bonds.

8. After the maturity day of the bonds, the broker transfers to your account the amount of the nominal value of acquired bonds and the amount of accrued coupon rates.

9. When necessary, before the ending of the circulation period of bonds, you can sell the bonds on the stock exchange, after filling out an application in the office of Prime Invest at Dushanbe, Rudaki avenue 38/1 (3rd floor) or through the site, www.primeinvest.tj.

The application should specify the price at which you want to sell bonds. Proceeds from the sale of the bond will be transferred to your account. You will also be provided statements about the number of bonds acquired by you and on the balance of your account.

10. At any time, you can take out the accrued interest from your bank, and sell the bonds from your account SSB Amonatbank or from another account that you specified to your broker.
